Dividend announcement

On 21 May 2025 the annual general meeting of the company resolved that the EUR 2,099,855,000.00 balance sheet profit of the financial year 2024 reported in the adopted annual financial statement of Dr. Ing. h.c. F. Porsche Aktiengesellschaft as of 31 December 2024 be appropriated as follows:

- a) a partial amount of EUR 1,047,650,000.00 to pay a dividend of EUR 2.30 per ordinary share carrying dividend rights, and
- b) a partial amount of EUR 1,052,205,000.00 to pay a dividend of EUR 2.31 per preferred share carrying dividend rights.

According to section 58 para. 4 sentence 2 of the German Stock Corporation Act, the claim for payment of the dividend will be due on the third business day following the resolution adopted by the general meeting and thus on 26 May 2025.

The paying agent for preferred share dividends is the Deutsche Bank AG.

The dividend (EUR 2.30) per ordinary share carrying dividend rights will be paid in the amount of EUR 0.8133 from the tax-distributable profit and in the amount of EUR 1.4867 from the tax contribution account within the meaning of Section 27 of the German Corporation Tax Act (Körperschaftsteuergesetz - KStG) (contributions not made to nominal capital).

The dividend (EUR 2.31) per preferred share carrying dividend rights is paid in the amount of EUR 0.8168 from the tax-distributable profit and in the amount of EUR 1.4932 from the tax contribution account within the meaning of Section 27 KStG (contributions not made to nominal capital).

Insofar as the dividend is paid from the tax contribution account within the meaning of Section 27 KStG (contributions not made to nominal capital) of Dr. Ing. h.c. F. Porsche Aktiengesellschaft is paid out without deduction of capital gains tax (Kapitalertragsteuer) and solidarity surcharge (Solidaritätszuschlag).

Insofar as the dividend is not paid from the tax contribution account within the meaning of Section 27 KStG of Dr. Ing. h.c. F. Porsche Aktiengesellschaft, the payment will be made after deduction of 25% capital gains tax and 5.5% solidarity surcharge on the capital gains tax (26.375% in total) and, if applicable, church tax on the capital gains tax.

The distribution – insofar as it is made from the tax contribution account – to a shareholder with unlimited or limited tax liability in Germany is therefore generally not taxable but reduces the acquisition costs of the shares for tax purposes. If the distribution exceeds the shareholder's acquisition costs, the resulting profit is taxable. For natural persons who hold their investment as private assets for tax purposes within the meaning of Section 20 of the German Income Tax (Einkommensteuergesetz – EStG), the tax authorities are of the opinion that tax is only payable on the sale of the investment.

The tax information does not qualify as tax advice. Shareholders are recommended to seek tax advice.
